INDEPENDENT AUDITORS' REPORT

To the Honorable County Judge and Commissioners Comprising the
Commissioners' Court of Caldwell County

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Caldwell County, Texas, as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise Caldwell County, Texas' basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Caldwell County, Texas, as of September 30, 2016, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 5-11 and 42-47 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Caldwell County, Texas' basic financial statements. The combining and individual nonmajor fund financial statements, and schedules, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standard

In accordance with *Government Auditing Standards*, we have also issued our report dated April 28, 2017, on our consideration of Caldwell County, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Caldwell County, Texas' internal control over financial reporting and compliance.

April 28, 2017

Management's Discussion and Analysis

This page is left blank intentionally.

CALDWELL COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2016

As management of Caldwell County, we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended September 30, 2016. We encourage readers to consider the information presented herein along with the County's financial statements, which follow this section.

Financial Highlights

The net position of the County increased by \$2,418,813 for fiscal year ended September 30, 2016. The assets of the County exceeded its liabilities at the close of the fiscal year ended September 30, 2016 by \$25,475,873 (net position). Of this amount, \$12,356,616 (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors.

The County's governmental funds reported combined ending fund balances of \$8,361,219, an increase of \$2,767,828 in comparison to the previous year, in part due to the sale of capital assets and timing of revenues received versus work performed with the SH130 project. In addition, increased revenues in the general fund, primarily from taxes, in association with decreases in general fund expenditures, primarily from lapses in staffing and the resulting savings in personnel costs, also contributed to the positive change in fund balance.

The unassigned portion of the General Fund, fund balance at the end of the year was \$5,737,016, or 39.7% of total General Fund expenditures for fiscal year 2016.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise four components: 1) government-wide financial statements, 2) fund financial statements, 3) fiduciary financial statements, and 4) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of Caldwell County's finances. This is done in a manner similar to a private-sector business. Two statements, the Statement of Net Assets and the Statement of Activities, are utilized to provide this financial overview.

The Statement of Net Position presents information on all of the County's assets and liabilities with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

In addition, the statement of activities highlights government activities supported by taxes and intergovernmental revenues, along with program revenues classified to the corresponding government activity.

Fund Financial Statements. The County, like other state and local governments, utilizes fund accounting to ensure and demonstrate compliance with finance-related legal requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. All of the funds of the County can be divided into two categories: governmental funds and fiduciary funds.

CALDWELL COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2016

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains 16 individual governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances for the General Fund, Grant Fund and Unit Road Fund, which are considered to be major funds. Data from the other 13 funds are combined into a single, aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Fiduciary Funds. Fiduciary funds account for assets held by the County in a trustee capacity or as an agent on behalf of others.

Notes to Financial Statements. The notes provide additional information that is essential to gain a full understanding of the data provided in the government-wide, fund financial statements and fiduciary fund statements.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents other supplementary information following the notes to the financial statements. The other supplementary information includes combining and individual statements and schedules.

Government-wide Financial Analysis

At the end of fiscal year 2016, the County's net position (assets exceeding liabilities) totaled \$25,475,873. This analysis focuses on the net position (Table 1) and changes in net position (Table 2). This is an increase of \$2,418,813 in net position for fiscal year 2016.

Net Position. The largest portion of the County's net position, \$12,074,542 or 47.4%, reflects its investment in capital assets (land, buildings, infrastructure, machinery and equipment, construction in progress), less accumulated depreciation and any related debt used to acquire those assets that is still outstanding. The County uses these assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the County reports its capital assets net of related debt, the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Net position of \$776,075 or 3.0%, in the debt service fund, are restricted for future debt service payments.

Net assets of \$268,640, or 1.1%, in the Capital Projects Fund, are restricted to payments for capital projects authorized by the Series 2014 Limited Tax Refunding Bonds.

The remaining balance of unrestricted net assets, \$12,356,616 or 48.5%, may be used to meet the government's ongoing obligations to citizens and creditors.

CALDWELL COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2016

Unrestricted	12,356,616	9,327,785
	\$25,475,873	\$23,057,060

Changes in Net Position. The net position of the County increased by \$2,418,813 for the fiscal year ended September 30, 2016. Table 2 itemizes the changes from fiscal year 2015 to fiscal year 2016. Increases in revenues over the prior fiscal year primarily resulted from county services, capital grants, taxes, and the sale of capital assets. The overall decrease in expenditures from the prior fiscal year is primarily tied to lapses in staffing, and the related personnel costs, throughout fiscal year 2016.

Financial Analysis of the Government's Funds

Government funds. The focus of the County's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balances may serve as a useful measure of the government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined fund balances of \$8,361,219.

The General Fund is the main operating fund of the County. At the end of the current fiscal year, fund balance was \$6,291,426. This is an increase of \$2,248,382 from last year.

General Fund Budgetary Highlights. Each year the County performs periodic reviews of the budget. Budget amendments are approved throughout the year transferring amounts from one line item to another budgeted item.

CALDWELL COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2016

Discussion of revenue variances follows:

Tax revenues were more than the final budget by \$97,032 due to an increase in property tax collections despite a decline in sales tax collections as budgeted.

License and permit fees collected were \$17,024 less than budgeted due to a decline in motor vehicle registrations; however, a large portion of that decline was absorbed by a substantial increase in collections of subdivision fees and sanitation permits.

Intergovernmental revenues resulted in a \$530,889 increase over final budget resulting from housing of U.S. Marshal's inmates at the Caldwell County Jail facility in an amount that exceeded budgeted estimates and the receipt of closeout payments on past FEMA and Texas Department of Transportation projects.

Fees of office revenue are over budget by \$192,912 due mostly to the 2016 commission amount for efforts in collecting motor vehicle sales tax on behalf of the state as outlined in Texas Tax Code Section 152.123.

Fines were less than budget by \$36,629 as a result of lower than estimated fine collections within the Justice of the Peace offices.

Miscellaneous revenue was \$100,353 more than budgeted. Income consists primarily of miscellaneous items, reimbursed items, rental revenues and insurance proceeds; these items are difficult to budget.

Discussion on expenditures follows:

Overall, expenditures were less than the final budget by \$467,340.

The portion of the budget attributable to General Administration had a \$42,454 adjustment to decrease the adopted amount and realized \$36,978 less in expenditures than the final budgeted amount.

Judicial expenditures were below final budget by \$38,090 as a result of lower costs in the county and district courts.

The Financial Administration budget was increased by \$7,979 over the adopted budget and final costs were over the final budget by \$11,279.

The portion of the budget attributable to Public Facilities realized \$13,860 less in expenditures than budgeted.

The overall Public Safety budget increased by \$68,609 and ended with a positive variance to the final budget of \$413,668 due to the failure to maintain full staffing reducing personnel and related costs.

The Health and Welfare actual costs were \$42,440 more than the final budget primarily due to higher than anticipated costs for EMS services and animal control.

Conservation-Agriculture came in \$18,931 under budget due to the failure to maintain full staffing reducing personnel and related costs.

CALDWELL COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
 September 30, 2016

Grant Fund Budgetary Highlights.

Total revenues for the Grant fund were \$6,880,329 less than final budget.

Total expenditures for the Grant fund were \$7,374,059 less than final budget.

These budgeted differences relate to the SH130 and CETRZ projects. The projects were budgeted, but not all of the work was performed during the fiscal year thus the difference in revenues received and expenditures incurred.

Unit Road Fund Budgetary Highlights.

The transfer in was to match the revenue with the actual expenditures which were performed in the Unit Road fund.

Capital Assets and Debt Administration

Capital Assets. The County's investment in capital assets as of September 30, 2016, amounts to \$25,064,393 (net of accumulated depreciation). The investment in capital assets includes land, buildings, machinery and equipment, and infrastructure.

Table 3
 Capital Assets at Year End
 Net of Accumulated Depreciation

	9/30/16	9/30/15
Land	\$553,432	\$584,029
Buildings & improvements	22,153,223	23,239,168
Machinery and equipment	1,252,776	1,202,238
Infrastructure	1,104,962	1,296,388
Total Capital Assets (Net)	\$25,064,393	\$26,321,823

Additional information on the County's capital assets can be found in the notes to the financial statements at page 32.

CALDWELL COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
 September 30, 2016

Debt Administration. At the end of the current fiscal year, Caldwell County had total debt outstanding of \$13,065,000. Of this amount, \$4,690,000 is comprised of Certificates of Obligation, with principal due annually through 2029 with interest due semiannually. All debt is backed by the full faith and credit of Caldwell County.

Table 4
 Outstanding Debt at Year End

Type of Debt	9/30/16	9/30/15
Certificates of obligation	\$4,690,000	\$5,035,000
Limited tax refunding bonds	8,375,000	8,795,000
Premium on bonds issued	3,373	3,593
Compensated absences	238,323	235,649
Net Pension (Asset) Liability	49,471	(962,524)
Total Debt	<u>\$13,356,167</u>	<u>\$13,106,718</u>

Additional information on the County's long-term debt can be found in the notes to the financial statements beginning at page 33.

The County's total outstanding debt increased overall by \$249,449, predominately due to an increase in the County's net pension liability as described more fully beginning on page 37, despite the retirement of \$765,220 in debt.

Economic Factors and Next Year's Budgets and Rates

With several major developments planned for the area Caldwell County is poised for a significant growth in the tax base over the next several years. Investments in infrastructure will be required as well as a cohesive strategy for managing this growth.

Some key factors to look for in future budgets:

With anticipated growth in the rural areas of Caldwell County there will be a significant increase in the Unit Road Department budget for county road maintenance and improvement.

Increase in health insurance due to rising health care costs of County employees.

A funding mechanism needs to be put in place to for a systematic retention and replacement of all county vehicles and equipment. This could be done by an apportioning of ad valorem taxes or some other revenue source.

Requests for Information

This financial report is designed to provide a general overview of Caldwell County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the County Auditor's Office, 110 S. Main St, Room 303, Lockhart, Texas, 78644.

CALDWELL COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2016

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The County, a political subdivision of the State of Texas is governed by an elected judge and four county commissioners which comprise the commissioners' court. The county's operational activities include general administrative services, judicial, legal, financial administration, public facilities, public safety, public transportation, environmental protection, health and welfare assistance, conservation - agriculture services.

The accounting policies of Caldwell County, Texas, conform to generally accepted accounting principals issued by the Governmental Accounting Standards Board which is the recognized financial accounting standard setting body for governmental entities. The notes to the financial statements are an integral part of the County's basic financial statements.

The accompanying basic financial statements comply with the provisions of the GASB Statement No. 14, "The Financial Reporting Entity," in that the financial statements include all organizations, activities, functions and component units for which the County (the "primary government") is financially accountable. Financial accountability is defined as the appointment of a voting majority of a legally separate organization's governing body and either (1) the County's ability to impose its will over the organization, or (2) the potential that the organization will provide a financial benefit to or impose a financial burden on the County.

There are no component units which satisfy requirements for blending or discrete presentation within the County's financial statements. Accordingly, the basic financial statements present the County only.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e. the statement of net assets and the statement of position) report information on all of the nonfiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities* are supported by taxes, charges for services, and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus and the accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

CALDWELL COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2016

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Fines and permits, and miscellaneous revenues are not susceptible to accrual because generally they are not measurable until received in cash.

The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Grant Fund* accounts for certain major grants received from the federal and state governments and expenditures related to specific purposes of the grants.

The *Unit Road Fund* accounts for certain revenues and expenditures related to the construction and maintenance of roads and bridges within the County. Primary revenues of this fund are ad valorem taxes, licenses and permits, and transfers from the General Fund.

Additionally, the County reports the following fund types:

The Special Revenue Funds account for specific revenue sources that are legally restricted to expenditures for specified purposes (not including private purpose trusts or major capital projects).

The *Debt Service Fund* accounts for the accumulation of resources to be used for the payment of principal and interest.

The *Building Construction Capital Projects Fund* accounts for proceeds of the 2010 Certificates of Obligation, the 2012 Short Term Tax Notes, and the 2013 Short Term Tax Notes issued to construct and remodel County buildings.

Agency Funds are used to account for assets held by the government as an agent for individuals, private organizations, other governments, and/or other agency funds.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes, miscellaneous revenue, and interest income.

D. Assets, liabilities, and net assets or equity

1. Deposits and investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the County to invest in (1) obligations of the United States or its agencies and instrumentalities; (2) direct obligations of the State of Texas or its agencies; (3) other obligations, the principal of and interest on which are unconditionally guaranteed or insured by the State of Texas or the United States; (4) obligations of states, agencies, counties, cities, and other political subdivisions of any state having been rated as to investment quality by a nationally recognized investment rating firm and

CALDWELL COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2016

having received a rating of not less than A or its equivalent; (5) certificates of deposit by state and national banks domiciled in this state that are (A) guaranteed or insured by the Federal Deposit Insurance Corporation, or its successor; or, (B) secured by obligations that are described by (1) - (4); or, (6) fully collateralized direct repurchase agreements having a defined termination date, secured by obligations described by (1), pledged with third party selected or approved by the County, and placed through a primary government securities dealer.

Investments maturing within one year of date of purchase are stated at cost or amortized cost, all other investments are stated at fair value which is based on quoted market prices.

2. Receivables and payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Fines receivables are shown net of an allowance for uncollectibles. The allowance for uncollectibles is an estimate based upon experience.

Property taxes are levied on October 1 by the County based on the January 1 property values as appraised by the County Central Appraisal District. Taxes are due without penalty until January 31, of the next calendar year. After January 31 the County has an enforceable lien with respect to both real and personal property. Under state law, property taxes levied on real property constitute a perpetual lien on the real property which cannot be forgiven without specific approval of the State Legislature. Taxes applicable to personal property can be deemed uncollectible by the County.

3. Inventories and prepaid items

Inventories are valued at cost using the first in/first out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

4. Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

CALDWELL COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2016

Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

Buildings	50 years
Building improvements	20 years
Infrastructure	30 years
Machinery and Equipment	5 - 10 years

5. Compensated absences

Employees accumulate earned but unused vacation and compensatory time. All vacation and compensatory pay is accrued when incurred in the government-wide funds. A liability is reported for these amounts in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

6. Long-term obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net assets. Bond premiums and discounts, as well as bond insurance costs, are deferred and amortized over the life of the bonds using the straight line method which approximate the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance and insurance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Insurance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

7. Fund equity

Nonspendable Fund Balance Amounts that cannot be spent because they are either not in a spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance - Amounts that can be spent only for specific purposes because of constraints imposed by external providers, or imposed by constitutional provisions or enabling legislation.

Committed Fund Balance - Amounts that can only be used for specific purposes pursuant to constraints imposed by the Commissioner's Court through legislation, resolution or Court order, unless the Commissioner's Court removes or changes the specified use by taking the same type of action used to commit the amounts.

Assigned Fund Balance - Amounts that are constrained by the Commissioner's Court, or by another County official or the finance division to which the Court has delegated authority, that are to be used for specific purposes but are neither restricted nor committed.

Unassigned Fund Balance - Amounts that are available for any purpose; these amounts can be reported only in the County's General Fund.

Fund balance amounts represent the nature of the net resources that are reported in a governmental fund. When the County incurs an expenditure and both restricted and unrestricted amounts are available, the County considers restricted amounts to have been spent. When the County incurs an expenditure for an unrestricted amount, committed amounts are reduced first, followed by assigned amounts and then unassigned amounts for purposes in which any of those unrestricted fund balance classifications could be used.

CALDWELL COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2016

II. DETAILED NOTES ON ALL FUNDS

A. Deposits and investments

Cash

At year end, the carrying amount of the County's cash on hand and deposits was \$4,814,224, including \$3,055,454 in agency funds. All of the bank balance of \$4,934,719, was covered by federal deposit insurance and collateralized by the pledging financial institution with marketable securities held by an agent in the bank's name.

Investments

As of September 30, 2016, the County had the following investments:

Investment type	Credit Rating*	Fair Value	Days to Maturity
Government sponsored investment pool (LOGIC)	AAAm	\$3,111,124	<60
Government sponsored investment pool (TexPool)	AAAm	2,211,357	<60
Government sponsored investment pool (Texas Class)	AAAm	1,676,063	<60
Total Fair Value		\$6,998,544	

* Standard and Poors

Interest Rate Risk. In accordance with its investment policy, the County manages its exposure to declines in fair value by limiting the weighted average maturity of its portfolio to less than three years.

Credit Risk. State law limits investments as described previously in Note I D.1.

Concentration of Credit Risk. The County's investment policy does not allow for an investment in any one issuer (other than investment pools) that is in excess of five percent of the fair value of the County's total investments.

Custodial Credit Risk – Deposits. In the case of deposits, this is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County requires all deposits to be covered by Federal Depository Insurance Corporation (FDIC) insurance and/or collateralized by qualified securities pledged by the County's depository in the County's name and held by the depository's agent.

Custodial Credit Risk – Investments. For an investment, this is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

LOGIC, TexPool, and Texas Class are external investment pools and are not SEC registered. The Texas Interlocal Cooperation Act and the Texas Public Funds Investment Act provide for creation of public funds investments pools and permit eligible governmental entities to jointly invest their funds in authorized investments. The fair value of investments in the pools are independently reviewed monthly. At September 30, 2016 the fair value of the position in these pools approximates the fair value of the shares.

CALDWELL COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2016

B. Receivables

Receivables as of year-end for the government's individual major funds and nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General	Grant	Unit Road	NonMajor and Other	Total
Taxes receivable	\$1,531,135	\$ --	\$608	\$174,788	\$1,706,531

Governmental activities:

General administration	\$214,093
Judicial	222,663
Financial administration	16,902
Public safety	325,334
Public transportation	370,484
Environmental protection	2,743
Conservation - agriculture	2,597
Total depreciation expense - governmental activities	<u>\$1,154,816</u>

CALDWELL COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2016

D. Interfund receivables, payables, and transfers

The composition of interfund balances as of September 30, 2016, is as follows:

Fund	Receivable	Payable
Major Funds		
General Fund	\$564,060	\$ --
Grant Fund	--	495,358
Unit Road Fund	--	--
Total Major Funds	564,060	495,358
Nonmajor Funds		
Debt Service	--	6,921
Law Library	--	58,062
Narcotics Task Force	--	3,719
Total Nonmajor Funds	--	68,702
Total Governmental Funds	\$564,060	\$564,060

Interfund receivables are primarily the result of overdrafts in pooled cash.

E. Interfund Transfers

Fund	Transfer In	Transfer Out
Major Funds		
General Fund	\$ --	\$2,659,596
Grant Fund	40,000	--
Unit Road Fund	2,283,965	--
Total Major Funds	2,323,965	2,659,596
Non Major Governmental Funds		
Courthouse Security	335,631	--
Total Non Major Funds	335,631	--
Totals	\$2,659,596	\$2,659,596

The transfer from the General Fund to the Unit Road Fund and the Grant Fund were made to provide funding for those funds. The transfer to the Courthouse Security Fund was to provide additional funds for security in the new Justice Center. The transfer from the Grant Fund to the Unit Road Fund was made to match the grant revenue with the expenditures.

F. Long-term debt

The County issues general obligation bonds, certificates of obligation bonds, notes payable and capital lease obligations to provide funds for the acquisition and construction of major capital facilities. These issues are direct obligations and pledge the full faith and credit of the County.

CALDWELL COUNTY, TEXAS

CALDWELL COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2016

CHANGES IN LONG-TERM LIABILITIES

Long-term liability activity for the year ended September 30, 2016, was as follows:

	Balance 09/30/15	Additions	Retirements	Balance 09/30/16	Due Within One Year
Governmental activities:					
Refunding bonds	\$240,000	\$ --	(\$240,000)	\$ --	\$ --
Certificates of obligation	5,035,000	--	(345,000)	4,690,000	365,000
Tax notes	8,555,000	--	(180,000)	8,375,000	430,000
Bond premium	3,593	--	(220)	3,373	219
	13,833,593	--	(765,220)	13,068,373	795,219
Compensated absences	235,649	238,323	(235,649)	238,323	59,581
Net pension (asset) liability	(962,524)	2,178,003	(1,166,008)	49,471	--
Governmental activity Long-Term Liabilities	\$13,106,718	\$2,416,326	(\$2,166,877)	\$13,356,167	\$854,800

For the governmental activities, claims and judgements and compensated absences are generally liquidated by the general fund.

Authorized and Unissued Debt

The County had no authorized but unissued debt at 9/30/16.

III. OTHER INFORMATION

A. Risk management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; injuries to employees; employee health benefits; and other claims of various nature. The County participates in the Texas Association of Counties Intergovernmental Risk Pool (Pool) which provides protection for risks of loss. Premiums are paid to the Pool which retains the risk of loss beyond the County's policy deductibles. Any losses reported but unsettled or incurred and not reported, are believed to be insignificant to the County's basic financial statements. For the last three years, there have been no significant reductions of insurance coverage or insurance settlements in excess of insurance coverage.

B. Contingent Liabilities and Commitments

Amounts received or receivable from grantor agencies are subject to audit and adjustment by such agencies. Any disallowed claims, including amounts already collected may constitute a liability of the applicable funds. The amounts, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

The County, periodically, is defendant in various lawsuits. As of September 30, 2016, after consultation with the County's attorney, the County is not aware of any pending or threatened litigation which would have a material effect on the financial statements.

The District Clerk has invested trust funds at various financial institutions in accordance with court orders. The County has a fiduciary responsibility over these funds until their final disposition.

CALDWELL COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2016

C. Change in Generally Accepted Accounting Policy

In the prior year, the County implemented new accounting guidance from Government Accounting Standards Board Statement No. 68, Accounting and Financial Reporting for Pensions-an amendment of GASB Statement No. 27. Certain assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenses are now recognized by governmental type activities.

D. Retirement Commitments

1. Plan Description

The County provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined benefit plan in the state-wide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multi-employer public employee retirement system consisting of nontraditional defined benefit pension plans. TCDRS in the aggregate issues a comprehensive annual financial report (CAFR) on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas, 78768-20343.

The plan provisions are adopted by the County commissioners' court, within the options available in the state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service or with 30 years regardless of age or when the sum of their age and years of service equals 75 or more. Members are vested after 8 years but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump-sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the County commissioners' court within the constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated contribution and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

2. Benefits

TCDRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the County, within the options available in the state statutes governing TCDRS.

At the December 31, 2015 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees (or their beneficiaries) currently receiving benefits	96
Inactive employees entitled to but not yet receiving benefits	235
Active employees	230
	<hr/>
	561
	<hr/> <hr/>

3. Contributions

The contribution rates for employees in TCDRS is 5% of employee gross earnings, and the County percentages is 4.0%, both as adopted by the governing body of the County. Under the state law governing TCDRS, the contribution rate for each County is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

The County's contributions to TCDRS for the year ended September 30, 2016, were \$331,702 and were equal to the required contributions.

CALDWELL COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2016

4. Net Pension Liability

The County's Net Pension Asset (NPL) was measured as of December 31, 2015, and the Total Pension Liability (TPL) used to calculate the Net Pension Asset was determined by an actuarial valuation as of that date.

Actuarial assumptions:

The Total Pension Liability in the December 31, 2015 actuarial valuation was determined using the following actuarial assumptions:

The annual salary increase rates assumed for individual members vary by length of service and by entry-age group. The annual rates consist of a general wage inflation component of 3.5% (made up of 3.0% inflation and 0.5% productivity increase assumptions) and a merit, promotion and longevity component that on average approximates 1.4% per year for a career employee.

Actuarial assumptions used in the December 31, 2015, valuation were based on the results of actuarial experience studies. These assumptions were first used in the December 31, 2014 valuation, along with a change to the Entry Age Normal (EAN) actuarial cost method. Assumptions are reviewed annually. In the 2015 actuarial valuation, assumed life expectancies were adjusted as a result of adopting a projecting scale (110% of the MP-14 Ultimate Scale) for 2014 and later. Previously Scale AA had been used. The base table is the RP-2000 table projected with Scale AA to 2014.

The long-term expected rate of return on pension plan investments is 8.10%. The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the TCDRS Board of Trustees. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TCDRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

CALDWELL COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2016

Asset Class	Target Allocation	Geometric Real Rate of Return (Expected minus Inflation)
US Equities	14.50%	5.45%

Master Limited Partnerships (MLPs)	3.00%	6.80%
Private Real Estate Partnerships	5.00%	6.90%
Hedge Funds	25.00%	5.25%
	100.00%	

Discount Rate

The discount rate used to measure the Total Pension Liability (Asset) was 8.1%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability (Asset).

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TCDRS financial report. That report may be obtained on the Internet at www.tcdrs.org.

CALDWELL COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2016

Pension Expense and Deferred Outflows and Inflows of Resources Related to Pensions

For the year ended September 30, 2016, the County recognized pension expense of \$328,527. At September 30, 2016, the County reported deferred outflows and inflows of resources related to pensions from the following sources:

	Original Amount	Date Established	Original Recognition Period	Amount Recognized in 12/31/15 Expense	Balance of Deferred Inflows 12/31/15	Balance of Deferred Outflows 12/31/2015
Investment (gains) or losses	\$1,386,998	12/31/2015	5.0	\$277,400	\$ --	\$1,109,598
	211,931	12/31/2014	5.0	42,386	--	127,159
Economic/demographic gains or losses	(234,308)	12/31/2015	4.0	(58,577)	(175,731)	--
	14,581	12/31/2014	4.0	3,645	--	7,290
Assumption changes or inputs	171,772	12/31/2015	4.0	42,943	--	128,829
	--	12/31/2014	4.0	--	--	--
Employer contributions made subsequent to measurement date				--	--	261,232
				<u>307,797</u>	<u>(175,731)</u>	<u>\$1,634,108</u>

\$261,232 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending September 30, 2016. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Deferred Inflows/outflows to Be Recognized in Future Years

Year ended December 31,	
2016	\$307,797
2017	307,797
2018	304,152
2019	277,400
2020	--
	<u>\$1,197,146</u>

F. Concentrations of Credit Risk

Taxes receivable are due from citizens and businesses within the County's boundaries. Risk of loss is immaterial due to wide dispersion of receivables and because of policies which address procedures for filing property tax liens. Fines receivable are due from citizens primarily within the County's boundaries. Risk of loss is reduced by an allowance for uncollectibles and collection policies.

Required Supplementary Information

Required supplementary information includes financial information and disclosures required by the Governmental Accounting Standards Board but not considered a part of the basic financial statements.

	Fiscal Year									
	2016	2015	2014	2013	2012	2011	2010	2009	2008	2007
Actuarially determined contribution	\$ 331,702	\$ 326,662	\$ 358,350	\$ 315,796	\$ 268,818	\$ 258,547	\$ 203,705	\$ 188,863	\$ 196,506	\$ 167,077
Contributions in relation to the actuarially determined contribution	(331,702)	(326,662)	(358,350)	(1,055,796)	(268,818)	(258,547)	(203,705)	(188,863)	(196,506)	(167,077)
Contribution deficiency (excess)	\$ --	\$ --	\$ --	\$ (740,000)	\$ --	\$ --	\$ --	\$ --	\$ --	\$ --
Covered-employee payroll	\$ 8,299,018	\$ 8,166,575	\$ 7,673,455	\$ 7,112,512	\$ 6,370,094	\$ 6,126,705	\$ 5,820,145	\$ 5,305,128	\$ 4,804,557	\$ 4,408,368
Contributions as a percentage of covered-employee payroll	4.00%	4.00%	4.67%	4.44%	4.22%	4.22%	3.50%	3.56%	4.09%	3.79%

Valuation date: 12/31/2015

Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal
Amortization method	Level percentage of payroll, closed
Remaining amortization period	20 years
Asset valuation method	5-year smoothed market
Inflation	3.0%
Salary increases	Varies by age and service. 4.9% average over career.
Investment rate of return	8.10%, net of pension plan investment expense, including inflation
Retirement age	Members who are eligible for service retirement are assumed to commence receiving benefit payments based on age. The average at retirement is 61.
Turnover	New employees are assumed to replace any terminated members and have similar entry ages.
Mortality	In the 2015 actuarial valuation, assumed life expectancies were adjusted as a result of adopting a projecting scale (110% of the MP 2014 Ultimate Scale) for 2014 and later. Previously Scale AA had been used. The base table is the RP-2000 table projected with Scale AA to 2014.

CALDWELL COUNTY, TEXAS
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
Year Ended September 30, 2016

STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted on the GAAP basis of accounting for the general fund, certain special revenue funds, and the debt service fund. All annual appropriations lapse at fiscal year end. The Grant Fund had no activity in the fiscal year and was not budgeted.

The County Judge is, by statute, the Budget Officer of the County and has the responsibility of preparing the County's budget. Under the County's budgeting procedures, each department submits a budget request to the County Judge. The County Judge reviews budget requests and holds informal hearings when needed. Before October 1, a proposed budget is presented to the Commissioners' Court. A public hearing is then held and the Commissioners' Court takes action on the proposed budget. Before determining the final budget, the Commissioners' Court may increase or decrease the amounts requested by the various departments. Amounts finally budgeted may not exceed the estimate of revenues and available fund balance.

Once the budget has been adopted by the Commissioners' Court, the County Auditor is responsible for monitoring the expenditures of the various departments of the County to prevent expenditures from exceeding budgeted appropriations and for keeping members of the Commissioners' Court advised of the conditions of the various funds and accounts.

The appropriated budget is prepared by fund. Any transfers of appropriations are first approved by the Commissioners' Court. Thus, the legal level of budgetary control is at the fund level. Several supplemental appropriations were required during the year.

B. The following funds had deficit fund balances at September 30, 2016:

Special Revenue Funds:	
Grant Fund	\$93,747
Law Library	58,443
Narcotics Task Force	3,610

C. The following funds had expenditures in excess of appropriations at September 30, 2016:

Special Revenue Funds:	
Unit Road	\$42,060
Justice Court Technology	1,746
Law Library	128
Hot Check	3,556
