Notice of Meeting

Commissioners Court of Caldwell County, Texas

Notice is hereby given that a meeting of the Caldwell County Commissioners Court will be held on the 20th day of January, 2015 at 9:00 A.M. in the 2nd Floor Courtroom, Caldwell County Courthouse located at 110 S. Main Street, Lockhart, Texas at which time the following subjects will be discussed, considered, passed or adopted, to wit:

Note: Commissioners Court Meeting packets are prepared several days prior to each meeting. This information is reviewed and studied by the Court members, eliminating lengthy discussions to gain a basic understanding. Timely action and short discussion on agenda items does not reflect lack of thought or analysis on the part of the Court.

Start times for regular agenda items are tentative; some items may be held earlier or later than the scheduled time.

For the convenience and comfort of members of the public and Caldwell County officials and employees, the Commissioners Court may take a recess from 10:30-10:45 a.m. and from noon to 1:30 p.m.

LICENSE AGREEMENT FOR USE OF THE JUSTICE CENTER GROUNDS

This License Agreement for Use of the Justice Center Grounds is made and entered between Caldwell County, Texas ("the County") and Camp Gladiator, Inc. (hereinafter "Licensee") for the Exercise Fitness Boot Camp event.

WHEREAS Licensee wishes to make use of the Caldwell County Justice Center Grounds (hereinafter "the Justice Center Grounds"), located at 1703 S. Colorado Street, Lockhart, Texas 78644 in Caldwell County, Texas.

WHEREAS the County, to promote a sense of community, does, from time to time, allow private and/or public entities temporary license to use the Justice Center Grounds.

NOW, THEREFORE, the County and Licensee agree to the following terms, conditions, rights, and duties:

I.

TERM, HOURS, AND NUMBER

This agreement is effective beginning the ____ day of January, 2015 and ending the 12th day of September, 2015 (hereinafter "the Term") and provides for Licensee's lawful use of the Justice Center Grounds between the hours of 5:00 am and 6:30 am, Monday through Friday (hereinafter "the Event Hours"), unless this Agreement is otherwise terminated under Section V of this Agreement. The temporary license granted by the County under this Agreement is expressly limited to the Term and the Event Hours cited above. Licensee agrees that it will make diligent efforts to limit the number of people allowed onto the Justice Center Grounds at any given time during the Term to fifty (50).

II.

CONSIDERATION

The parties to this Agreement recognize that ample consideration exists to bind them to the terms and obligations contained herein.

III.

MANAGEMENT

Licensee shall be responsible for the management of the Justice Center Grounds during the Event Hours of the Term. Licensee's management responsibilities shall include, but not be limited to: 1) ensuring that the Justice Center Grounds are secure and safe during the Event Hours of the Term for any event(s) that Licensee wishes to have on the County's property, 2) ensuring that crowd control and other safety

precautions are planned in advance of the event(s) and implemented during the event(s), 3) ensuring that any items, improvements, or personal property brought upon the Justice Center Grounds during the Term do not damage the Justice Center Grounds, 4) ensuring that any items, improvements, and/or personal property brought upon the Justice Center Grounds during the Term are safe and secure, considering that the public shall have access to said items, improvements, and/or personal property, 5) ensuring that all activities and/or materials related to the event(s) are properly and legally permitted by any governmental or private authority that has regulation powers over that activity or material, and 6) ensuring that all materials that are brought onto or left on the Justice Center Grounds during the Term, including all trash or litter, are removed after each daily use of the Justice Center Grounds.

IV.

WRITTEN NOTICE OF ACTIVITIES

No later than three (3) business days before the beginning of the Term, Licensee shall provide the County with a written, detailed overview of all events and activities that will occur on the Justice Center Grounds under this Agreement and during the Term. In said overview, Licensee shall also include information regarding: 1) the anticipated number of people attending the event(s) on the Justice Center Grounds and the anticipated times of the event(s), 2) security, if any, that will be provided or arranged by Licensee, and 3) any materials, items, or objects that Licensee intends to bring onto the Justice Center Grounds.

V.

RIGHTS OF THE COUNTY

The County reserves the following rights under this License Agreement: 1) to further limit the time, place, and manner of any activities on the Justice Center Grounds by providing Licensee with a written instruction of how that activity shall be conducted; 2) to prohibit, terminate, restrain, or enjoin any activity on the Justice Center Grounds that was not detailed in Licensee's Written Notice of Activities cited above in Section IV; 3) to prohibit the use of certain materials, items, or other objects that Licensee wishes to bring onto the Justice Center Grounds by providing written notice of that prohibition to Licensee; 4) to require certain action(s) by Licensee that further the health, safety, legality, and security of the Justice Center Grounds, Licensee's event(s) and those individuals attending Licensee's event(s) by providing written notice of that requirement to Licensee; 5) to change the Hours under this Agreement by providing written notice of that change to Licensee; 6) to change the Term under this Agreement by providing written notice of that change to Licensee; and 7) to terminate the License issued under this Agreement by providing ten (10) business days written notice of that termination to Licensee. Licensee recognizes the County's reservation of the above rights, and agrees to comply with the County's written assertion of rights under this Section.

VI.

DEPOSIT

Licensee shall remit payment of Two Hundred United States Dollars (\$200.00 USD) to the County in the form of a Cashier's Check or Money Order, said monies to be held in trust by the County during the Term. The Cashier's Check or Money Order may be deposited into a Caldwell County bank account if the County: 1) determines that Licensee's use of the Justice Center Grounds has caused the County to incur expenses or damages, 2) provides written notice to Licensee, within ten (10) business days of the end of the Term, that Licensee's use of the Justice Center Grounds during the Term has caused the County to incur expenses or damages, 3) provides a written accounting to Licensee, within ten (10)

business days of the end of the Term, that details the expenses or damages incurred, and 4) refunds the remainder of the Licensee's deposit, if any, after subtracting any and all expenses and/or damages incurred from the deposit, such refund to occur within ten (10) business days of the end of the Term. If the County's written accounting to Licensee under this Section exceeds the amount deposited by Licensee, Licensee shall, within a reasonable time, pay the County the difference between the amount claimed by the County and the amount deposited by Licensee, such monies being considered liquidated damages by the parties hereto.

**VII.
INSURANCE**

Licensee is a Texas corporation which maintains a commercial general liability insurance policy with amount(s) sufficient to save, protect and insure Licensee, (or, County, if Licensee indemnifies the County under Section VIII, below) for the Authorized Activity being held in the License Area. Evidence of Licensee's general liability coverage will be provided to County upon request. Furthermore, Licensee agrees to add the License Area as an insured under its liability policy, before the Term is to commence. A copy of this insurance policy is attached as Exhibit "A" and is incorporated herein.

**VIII.
CONTRACTUAL RELATIONSHIP; INDEMNITY**

The County and Licensee are independent contractors under the terms of this Agreement. Nothing in this Agreement shall be construed to mean that Licensee is an agent or employee of the County, nor that the County is an agent or employee of Licensee. Neither Licensee nor the County will be liable for the actions of, or failure to act by, any employee, agent, volunteer, or officer of the other party. Licensee will be responsible for investigating, handling, responding to, and defending claims and causes of action arising from any act, omission or failure to act by Licensee under this agreement. The County will be responsible for investigating, handling, responding to, and defending claims and causes of action arising from any act, omission or failure to act by the County under this agreement. Licensee recognizes that claims and/or causes of action may arise in relation to materials, items, or other objects that are brought onto the Courthouse Grounds by Licensee. TO THE EXTENT ALLOWED BY APPLICABLE LAW, LICENSEE AGREES TO FULLY INDEMNIFY AND HOLD HARMLESS THE COUNTY AGAINST ANY CLAIM OF PREMISE LIABILITY, OR ANY OTHER CLAIMS, LOSSES, DAMAGES, CAUSES OF ACTION, SUITS, OR LIABILITY, IF SUCH CLAIM RELATES TO MATERIALS, ITEMS, OR OTHERS OBJECTS THAT ARE BROUGHT ONTO THE COURTHOUSE GROUNDS BY LICENSEE OR LICENSEE'S AGENTS, EMPLOYEES, VOLUNTEERS, OR OFFICERS.

The parties to this LICENSE AGREEMENT FOR USE OF JUSTICE CENTER GROUNDS hereby agree to the terms and conditions cited above, as is evidenced by their signatures, or the signatures of their lawful representatives, below.

The Focus® II Mid Size Autoscrubbers® provide an increased capacity, longer run times, and are easy to operate!

BOOST® Technology

Focus® II Mid Size - BOOST® 28 & 32

BOOST® Technology is the most efficient and green autoscrubber on the market today - the only one that can remove floor finish chemical-free!* BOOST reduces water and chemical use up to 70% by containing the solution within the pad and by delivering a precise and consistent solution in pulses. The unique pad design also cleans into corners, reducing your manpower. Add it all up and it means huge cost and labor savings every day!

*using maroon prep pad

3 Disc Models

Focus® II Mid Size - Disc 26, 28 & 34

Conventional disc models of the Focus® II are available with either a 26, 28 or 34 inch disc scrub deck powered by two heavy-duty brush motors. The disc models are ideal for everyday cleaning. The gimble mounted brushes and pad driver contours uneven floors for even scrubbing agitation.

Cylindrical

Focus® II Mid Size - Cylindrical 28

Ideal for scrubbing grouted tile, imperfect, or rough textured floors. The 28 in cylindrical model provides superior cleaning with wet sweeping capabilities. Debris is conveniently collected into a removable tray by the counter rotating brushes. The brushes are also easy to changeout without using tools.

Easy access to the battery compartment is great for maintenance and installation and designed to contain any liquid spills. Choose either 250 or 330 Ah wet or 260 or 312 Ah AGM batteries.

The optional Chemical Mixing System gauges the appropriate amount of chemical and mixes it into the solution flow. The ounce per gallon setting is controlled by a knob on the control panel.

Quiet vacuum motor system - 65 decibels on disc, 63 decibels on the BOOST model. This allows the operator to use the scrubber in noise sensitive areas.

Focus® II Mid Size Autoscrubber® Features & Benefits:

- **A. Yellow Palm Buttons** - ergonomically placed buttons control forward motion and start the brush motors and solution flow.
- **B. Onboard Battery Charger** - allows the machine to charge anywhere!
- **C. Urethane Squeegee Blades** - best chemical resistance, longer wear, and quiet pickup.
- **D. Adjustable Squeegee Knob** - easy to adjust blades for complete water pickup, no tools!
- **E. Rear Solution Fill** - allows filling while emptying the recovery tank at deep sink facilities.
- Large capacity, 23 gallon recovery and solution tanks - providing longer run times between dump and fills.
- Gimble Mounted Brushes and Pad Drivers - contours uneven floors for even scrubbing agitation.
- Patented Pulse Modulated Solution Control - delivers precise and consistent solution.
- Large diameter, high traction, non-marking foam filled wheels - provides a smoother, slip-free, and quieter operation.
- Quiet 65 decibels (BOOST models at 63 dB A) - operate in sound sensitive areas!

One touch control panel is simple and effortless to operate. Ergonomically placed controls for all functions.

Large opening aids in sanitizing the 23 gallon recovery tank. The electronic float switch shuts off the vac motor when tank is full.

Removable gasket allows the user to sanitize the recovery tank lid.

Optional off-aisle wand kit with telescoping wand for compact storage.

◀ With BOOST Technology, you can remove floor finish without chemicals! You can eliminate chemical costs, eliminate labor, improve indoor air quality and greatly reduce the time spent removing floor finish. Great for medical facilities and schools!

▶ The high speed agitation of BOOST not only has superior cleaning performance, but also wet shines the floor to reduce burnishing requirements.

BOOST® Technology Autoscrubbers®

- Allows chemical-free floor finish removal
- Multi application technology - cleans floors, removes floor finish, and wet screens gym floors
- 50-70% less solution consumption
- 25% increase in battery run times and 40% increase in pad life
- Available on most Clarke autoscrubbers

BOOST® Technology – Cleans Into Corners Where Others Can't

For years, the most productive way to clean and maintain smooth tile or concrete floors was with a disc automatic scrubber. Depending on the size of the scrub path, there could be dual counter-rotating pads or brushes. Operating at 200-300 rpm, and requiring an increased pad pressure, acceptable results are achieved by a disc scrubber.

An integral part of BOOST Technology is the utilization of a rectangular pad that provides consistent contact across the cleaning path. Whether on a floor machine or autoscrubber, the BOOST pad provides more contact area of the pad on the floor surface, cleaning more uniformly and more consistently than disc scrubbing. The rectangular shape to the BOOST scrub head allows for the operator to clean immediately along the edge of baseboards, as well as in corners.

Trusted. Reliable. Efficient.

A Nilfisk-Advance Brand

Clarke®

One Way Directional Scrubbing of Conventional Disc Machines

Multi-Directional Scrubbing by BOOST Orbital Pad Scrubber

Reduces Water & Chemical Consumption

Using BOOST® Technology, cleaning solution is introduced in front of the rectangular scrubbing pad with Clarke's patented **Pulse Modulated Solution Control**. The orbital action contains the cleaning solution in the pad and carries it for the full length of the pad. Compared to traditional disc scrubbers that sling water away from the pad, BOOST's efficient use of the cleaning solution results in **water and chemical savings of 50% to 70%**.

Using less water during cleaning keeps the operator working productively rather than in the janitor's closet emptying and refilling the scrubber tanks.

Decreases Strip and Recoat Cycles

Cleaner floors allow for more effective burnishing. Dirt left behind by traditional disc scrubbers is often burnished into the finish, resulting in a yellowing of the finish. With more effective cleaning AND burnishing, the time between labor-intensive strip-and-recoats can be extended, which means less money spent on floor stripping, finishing, and labor.

Strip Your Floors Chemical-Free

Save the money and just use water! That's all you need to remove floor finish. Just put on a maroon pad, fill the tank with clean water and reduce your speed. Using only water also reduces the chance for slip and falls, leaves no fumes and keeps floors dry, safe, and ready for recoating. Imagine the savings you will see in chemicals alone! BOOST® Technology is not only excellent for removing floor finish, but is also great for evenly deep scrubbing floors.

Chemical-free removal of floor finish with BOOST is ideal for use in education and healthcare facilities when air quality and open building areas are critical!

Reduces Floor Pad Consumption

Because BOOST® Technology cleans at orbits 10 times that of a conventional scrubber and attacks dirt from multiple directions, less pad pressure is required to achieve the desired cleaning result. With the combination of high RPM orbital action and reduced pad pressure, the life of your floor pads is extended by up to 40%!

Just think about this. An average 40-store grocery store chain in the Midwest that spends \$30,000 in floor pads a year will now save over \$12,000 per year in pad costs, just by implementing Clarke's BOOST® Technology cleaning method.

Increases Efficiency and Battery Runtimes

With conventional disc floor scrubbers, as much as 30% of an operator's time during a shift is spent emptying the recovery tank and refilling the solution tank. Since these disc scrubbers can use twice the amount of solution, more dump and fills are required during a cleaning shift.

With BOOST®, you'll experience a 15 to 20 minute labor savings for each dump and refill that's eliminated. The BOOST's unique pad shape also allows for close-edge cleaning without overspray, virtually eliminating additional labor steps in cleaning operations.

The reduced water usage coupled with the reduced pad pressure enables the BOOST® machine to utilize the motors and battery pack more efficiently, which translates into an increased run time of up to 25% compared to similar disc scrubbers! By using BOOST® you can reduce the cost of battery replacement and reduce the environmental impact of battery recycling.

Wet Screen Your Gym Floors

After you are done scrubbing and removing floor finish, use BOOST® Technology Scrubbers to wet screen your gym floors!

Wet screening cleans and preps the gym floor surface for lasting adhesion of a new coating. The high speed orbital action and minimal solution usage coupled with fast and immediate solution pickup is the most productive tool in achieving the highest quality gym floor surface.

What makes BOOST® Technology Green?

- Uses up to 50-70% less water & chemicals than conventional scrubbers
- AGM batteries on all autoscrubbers (optional)
- Ergonomically designed machines
- Safety features on every scrubber and floor machine
- Sustainable & recyclable machine parts
- Cleans multiple floor types, reducing the need for additional equipment or additional cleaning processes
- Replacement Squeegee Blade Kits
- Chemical Mixing System Kit
- Off-aisle Wand Kit (Focus Mid Size 32, Focus Rider)
- Hour Meter Kit

Focus® II Compact Autoscrubbers®

- 3 models to choose from
- Superior solution clean up
- Quiet operation at 65.8 dB A
- Easy operation
- Environmentally friendly

The Focus II models are the first 20 in. autoscrubbers available with Clarke's revolutionary BOOST® Technology. If you demand high levels of cleaning with the ultimate in green benefits, BOOST technology offers 70% reduction in water and chemicals, 40% increase in pad life, and an added benefit of chemical-free removal of floor finish, compared to traditional disc models.

No other manufacturer comes close to matching Clarke's combination of serious cleaning ability and green benefits in autoscrubbers. The Focus II models are also available in 2 disc models. And all of the Focus II scrubbers feature important benefits such as low noise levels, improved user ergonomics, onboard chargers, breakaway squeegees and more.

The Focus II Compact BOOST features high speed orbital action and agitation.

2 Disc Models

Focus II S20 with Brush Assist Traverse L20 with Power Traverse

Conventional disc models of the Focus II are available with a 20 inch disc scrub deck. They may be selected with either power traction or brush assist drive. The brush/pad driver installation and removal is made simple with an easy on/off push button control.

The high speed agitation of BOOST not only has superior cleaning performance, but also wet shines the floor to reduce burnishing requirements.

Easy access to battery compartment is great for maintenance and installation. Choose either 130 AH wet or 114 AH AGM batteries.

One-touch control panel is simple and effortless to operate. Ergonomically placed controls for all functions.

Rugged Polydur® tanks withstand impact and resists chemical damage

Large opening aids in clean out of recovery tank

Convenient front and rear fill

Powerful 3/4 HP motor drives the high speed orbital agitation of the BOOST model

Large diameter, non-marking wheels provide high traction

Clarke's patented pulse solution control applies an accurate and conservative amount of solution

Very Quiet - Only 65.8 dB A

Two scrub decks to choose from to fit your application: 20 in. BOOST and 20 in. disc. As shown with BOOST.

Recovery drain is located high on the machine to allow draining into a high deep sink or toilet

Solution level indicator is conveniently located for the operator

Emergency power disconnect

Onboard battery charger allows charging at any convenient electrical outlet

The solution tank fill is conveniently located on the rear of the machine for ease of filling while draining the recovery tank

Squeegee is easy to remove without tools, and breaks away upon impact to prevent damage. Polyurethane front and rear blades wear longer and resist chemicals. Blades easily index without the use of tools.

THE ORIGINAL SUPERNOVA'S HAD E BLADDERS THAT IT WOULD BE AN EXCHANGE SYSTEM MEANING YOU WOULD START OUT WITH EXTRACTION CHEMICAL AND THE VACUUMED UP PART WOULD BE EMPTY AND WOULD BE FILLING AS THE EXTRACTION PART WOULD EMPTY. THEY HAVE CHANGED THE DESIGN IN LOOKS SINCE WE LAST BOUGHT ONE. BUT OVER 20 YEARS THE STEALTH IS JUST ABOUT THE ONLY ONE THAT WE HAVE SOLD.... THIS IS A CADILLAC LINE AT A CHEVY PRICE. FOR 10 YEARS WE HAD A STEALTH IN STOCK AND SOLD ONE EVERY YEAR AND THE ONLY ONE THAT I HAVE EVER GOTTEN BACK WAS TO HAVE A BLADDER REPLACED BECAUSE SOMEONE RIPPED IT.... LET ME KNOW IT IS ABOUT 1 WEEK TO GET THIS IN. THANKS CURTIS..

4.07 Work Week

Your working hours depend on the type of job you are doing. Most full-time employees are scheduled to work 40 hours per week. Because of the nature of various department activities, schedules for workdays and lunch periods vary. Your supervisor will explain the schedule for your job. If you are unable to report to work, notify your supervisor as soon as possible, in accordance with the policies of your department.

For payroll purposes, Caldwell County recognizes seven (7) minutes as the minimum time. Increments of time seven (7) minutes or less will not be recognized for payroll purposes. Increments of more than seven (7) minutes will be rounded to the nearest quarter hour and employees will be compensated for the quarter hour. For example: An employee who works for eight hours and five minutes will be paid for eight hours of work. An employee who works for eight hours and eight minutes will be paid for eight hours and fifteen minutes.

Unless specifically requested to work through lunch, the County expects you to take a lunch break. Additional or substitute work hours on weekdays, nights, or weekends may be required. You may be required to come into work on days or at times other than your normal working days or times, at the request of your supervisor or others in the County.

4.08 Rest Periods (Break Time)

Rest periods of fifteen (15) minutes or less are not required by the Fair Labor Standards Act (FLSA) and should not interfere with proper performance of work responsibilities and schedules. If workflow permits and if authorized by their immediate supervisors, employees may take up to two fifteen (15) minute rest periods each work day. If authorized, rest periods do not accumulate if not taken. To the extent possible, rest periods will be provided in the middle of work periods. Since rest periods are counted and paid as time worked, employees must not be absent from their work stations beyond the allocated time. Additionally, employees may be requested to curtail the rest period, if necessary, to provide adequate customer service in high customer service areas.

The FSLA requires a reasonable break for nursing mothers to express breast milk during the first year following the birth of a child. Caldwell County will provide a paid break up to 30 minutes for nursing mothers, the nursing mother will be allowed whatever time is needed to express breast milk, however, if the break is longer than 30 minutes in duration, the break time will be unpaid time off. The mother will be given a private location, not a bathroom to express breast milk. The location will be determined on a case by case basis.

Caldwell County does not allow any retaliation against nursing mothers for asking for this break. Nursing mothers are entitled to this break for one (1) year following the birth of their child.

2015.01.20.17 Discussion/Action to approve a Public Hearing regarding a petition for creation of Emergency Services District #4 for Mid-County Volunteer Fire Department and to set a public hearing date. Cost:TBD.
Speaker: Judge Schawe/Martin Ritchey. Backup:1

PETITION FOR THE CREATION OF CALDWELL COUNTY EMERGENCY SERVICES DISTRICT NO. 4

Pursuant to Texas Health and Safety Code, Chapter 775, the undersigned petitioners hereby petition for the creation of an emergency services district whose territorial boundaries would be those as further described in the attached Exhibit A, attached hereto and incorporated herein for all purposes. The proposed Caldwell County Emergency Services District No. 4 is to be created and is to operate under Article III, Section 48-e, Texas Constitution, and Chapter 775, Texas Health & Safety Code, and may provide some or all of the emergency services set forth in Article III, Section 48-e, Texas Constitution. The creation of the proposed Caldwell County Emergency Services District No.4 complies with Sections 775.020 and 775.0205, Health and Safety Code.

The following are municipalities from which consent must be obtained under Section 775.014: City of Lockhart and the City of Luling.

The undersigned two petitioners obligate themselves to pay not more than \$150 of the costs incident to the formation of the proposed district, including the costs of publishing notices, election costs, and other necessary and incidental expenses.
