2016.06.27.17 Discussion regarding the Memorandum of Understanding (MOU) Between Texas State Tubes LLC and RKY Ltd. and the Counties of Caldwell and Guadalupe. **Cost: None; Speaker: Judge Schawe; Backup: 8.**

*Provided to House Committee on Special Purpose Districts on SB 234
By Texas State Tubes and Don's Fish Camp
On May 20, 2015*

PROPOSED
"Memorandum of Understanding (MOU)
Between Texas State Tubes LLC and RKY Ltd.
And the Counties of Caldwell and Guadalupe"

WHEREAS, a three-mile stretch of the San Marcos River, east of the city of San Marcos, is visited by thousands of tubers and recreational users each year, and the number of visitors to the river, especially for tubing, has increased substantially as the region has grown in population and has become an increasingly popular tourist destination.

WHEREAS, this particular section of the river, that forms the border between Caldwell and Guadalupe Counties, lies within the unincorporated areas of the two counties and the county governments do not have sufficient resources to consistently station law enforcement officers along the river to enforce existing state laws related to public intoxication, underage drinking, trespassing, indecency, littering, and possession of glass or Styrofoam.

WHEREAS an increased level of funding to the county commissioner's courts to provide appropriate levels of law enforcement and emergency services in the area is essential to successfully addressing the problems related to the high seasonal levels of recreational users of the river.

WHEREAS, the deployment of appropriate levels of law enforcement and coordinated emergency services and personal is best overseen by the county commissioner's courts and the County Sheriff, TST/DFC seek to contractually commit to each county commissioner's court to provide the necessary funds directly to the county so that those funds can be made available for appropriate levels of law enforcement deployment, to assist with funding or provision of ambulance service and EMS personnel, and to help create a more law-abiding and respectful environment.

WHEREAS, TST/DFC have also committed to and are undertaking efforts to better educate customers on alcohol related violations, underage drinking and trespassing laws, and are implementing changes in business policies and operational protocols to more proactively address water quality and litter problems through increased litter abatement efforts, ongoing professional river cleanup services, and periodic water quality testing in order to maintain the river's beauty and enhance the river experience for all Texans.

WHEREAS, this MOU lays out a proposed coordinated approach between TST/DFC and Caldwell and Guadalupe Counties to provide management efficiencies and operational accountability regarding the commitments made in the MOU dated March 13, 2015, which are

designed to collectively fund and undertake third party contracts and cooperative agreements with the counties to provide coordinated and enhanced law enforcement, emergency services, litter abatement, and river clean up efforts.

WHEREAS, this MOU contains the elements of the comprehensive plan laid out in the MOU between TST/DFC, as well as subsequent additional assurances and commitments made by TST/DFC that will provide enhanced funding for: (1) increased dive cleanups; (2) increased top-water cleanups; (3) increased law enforcement; (4) a proposed alternative for a property owner hotline to direct funding to a local emergency service district to assist with 911 or 211 services; (5) increased environmental and safety awareness programs targeted at customers and staff; (6) accountability regarding commitments on business policy and operational changes and a documented reporting process, with results communicated to the County on a regular basis.

Contractual Commitments of Memorandum of Understanding (MOU)

- A. Through the MOU dated March 13, 2015, TST and DFC adopted tangible, measurable goals, and pledged the ongoing annual commitment of financial and administrative resources to the plan and activities described in the MOU. This proposed MOU reaffirms and enhances those commitments and provides specific assurances to Caldwell and Guadalupe Counties, affected river residents and members of the Texas Legislature, including enforcement of responsible enjoyment of the river; accountability to residents and landowners in the area; and greater cleanup and environmental protection efforts and activities.
- B. TST/DFC commit to keeping the segment of river where we operate cleaner; providing increased law enforcement; and responding more quickly and effectively to property owners' concerns. Generally, we pledge to create an environment that will set the standard for river-tubing operators nationwide.
- C. To achieve these goals, TST and DFC will create and annually fund a dedicated account in the amount equal to a minimum of \$1.50 per tubing patron, and a maximum of \$3.00 per tubing patron. All designated funds will be used exclusively for law enforcement officers on the river, river cleanup, emergency services, and customer education and landowner relations. The minimum budget range for calendar year 2015 is set between \$105,00 and \$140,000 for 2015. With the commitment to double the voluntary assessment, TST/DFC have agreed to fund up to \$3.00 per tubing patron, which would allow for a budget of \$210,000 for additional law enforcement and emergency services.
- D. In addition to providing all necessary funding for this effort, TST and DFC agree to provide monthly or quarterly reports to Caldwell and Guadalupe County Commissioners Courts. This report will quantify the results of our river cleanup, law enforcement and communication/awareness activities.
- E. All funds expended may be audited and verified by a third-party auditor. Following the 2015 benchmark initiative, based on analysis and input from all interested parties, new goals may be set and the process adjusted, as needed, in discussions with the Counties and landowners.
- F. At all times, TST and DFC will have shared, equal access to all information, data, reports, and

original records for all activities undertaken through third-party contracts and arrangements included in this MOU. Information relating to law enforcement issues or citations, emergency calls or issues, or tickets issued by contract peace officers may be collected, maintained, and made accessible by the appropriate party to the MOU. TST/DFC pledge to keep accurate, original records; be accountable for and provide access to all records; and fully disclose to each other and the public the efforts undertaken through this MOU.

- G. This contractual MOU with Caldwell and Guadalupe Counties, or its successor, will renew automatically on an annual basis. For 2015 and in subsequent years, TST and DFC will voluntarily commit the funds necessary to sign contracts and engage collectively with third parties to undertake the activities necessary to achieve the goals of this plan, and to work with the counties to make funds available to the county for law enforcement and emergency services in a coordinated manner that maximizes the limited resources available.
- H. TST and DFC will undertake and fund specific programs and activities at budget levels agreed to by TST/DFC and the county, and contractually executed as deemed appropriate and agreeable to all parties to provide clear assurances and enforcement mechanisms for delivery and performance compliance for the provisions of the MOU.
- I. Specific Programs Funded Annually through MOU for Cleanup, Law Enforcement, Emergency Services, and Communication and Education

1. Riverside Cleanup and Underwater Cleanup Program

Perform underwater river cleanups (a) weekly during the peak period of April 1-September 15, and (b) monthly during the non-peak period of November 1-March 31. Cleanup protocols have been established, including schedules, reporting of collected materials, litter disposal, and report summaries. Third-party contractors will be responsible to the operators for the results of their efforts. In addition, TST and DFC have adopted new daily riverbank cleanup protocols and maintenance schedules that provide for a minimum of four people a day, five days a week performing top-water riverbank cleanup.

- **Underwater Cleanup:** After reviewing available bids, Pristine Texas Rivers Inc. was selected to perform underwater cleanup. Note: This company provides third-party cleanup services for other regional water-oriented recreation districts, specifically, the WORD district (New Braunfels), Lions Club (San Marcos), and all outfitters in Comal and Guadalupe counties. Cleanup has begun.
- **Riverside Cleanup:** This cleanup will be accomplished via employees of TST and DFC, who are on the river daily.
- **Regular water quality testing,** more frequently after major events on the river.

2. Commitments to Provide Increased Law Enforcement and Community Response

The original MOU set a stated goal of a 50-75 percent increase in law enforcement presence on the waterway and additional security support for the community

immediately adjacent to and around the river. These desired security levels are proposed to be in effect for the period April 1-September 15, 2015. All security shifts are from 2:00 p.m.-8:00 p.m., with additional staffing for the three major summer holidays (Memorial Day, July 4th, and Labor Day).

- To meet these goals, TST and DFC proposes to contract with Caldwell County and Guadalupe County to provide Deputies from the Sheriff's Departments or other suitable law enforcement to provide additional security staffing on the river April 1-September 15, 2015. The arrangement specifies security shifts from 2:00 p.m.-8:00 p.m., with additional staffing for the three major holidays (Memorial Day, July 4th, and Labor Day) at levels specified below. TST/DFC will execute the law enforcement commitments in a manner agreed to with county, and will only fund, employ or sign contracts with licensed peace officers who will act with full authority to enforce state laws. TST/DFC will provide contractual assurances to the counties to allow them to make plans and allocate the available funds to be used in a coordinated effort with the County Sheriffs and other regional law enforcement.
- TST and DFC will work with the Commissioner's Courts of both Guadalupe and Caldwell Counties, and their respective Sheriffs, to memorialize their long-term commitment to provide effective law enforcement along this stretch of the San Marcos River. This commitment includes contracting, through the Counties, with the Sheriff in one or both counties to provide law enforcement in this geographical area pursuant to Local Govt. Code §351.061. The contracted officers shall be Certified Peace Officers in uniform with patrol cars and expected to exercise their authority under the Texas Penal Code.

Enhanced Law Enforcement Plan

As Presented to House Special Purpose Committee on May 5, 2015

Would Allow for Following Law Enforcement Staffing Plan by Date with Projected Cost:

April 4, 5, 11, 12, 18, 19, 25, 26	4 officers	\$8100
May 2, 3, 9, 10, 16, 17, 31	4 officers	
May 23, 24	8 officers	
May 25, 30	12 officers	\$14280
June 6, 13, 20, 27	8 officers	
June 5, 7, 12, 19, 21, 26	4 officers	\$11760

July 4, 11, 18, 25	8 officers	
July 5, 12, 19, 26	4 officers	
July 2, 9, 16, 23, 30	4 officers	\$15120
August 1, 8, 15, 22, 29	8 officers	
August 2, 7, 16, 21, 30	4 officers	
August 6, 13, 20, 27	4 officers	\$15120
September 5, 6	8 officers	
September 7	4 officers	\$6480

- **Additional Funding for Proposed “Enforcement Days” and/or Emergency Services**

In addition to the increased budget amount of \$70,860 outlined above to provide higher staffing levels and the ongoing presence of law enforcement in the area, this proposed budget allocation would allow, for example, an additional \$60,000 to be used to provide for six (6) proposed “enforcement days or for ambulance services and EMS personnel on high traffic days.

The budget estimates are based on the allocation of \$10,000 per enforcement day, which would be for law enforcement personal to conduct planned and coordinated enforcement programs and activities to functionally establish a more law-abiding tone and approach on the river. The proposed concept would position officers in bank positions throughout the river, with additional mobile units in boats. With these additional resources the officers will be able to set up a command unit so that they can actively engage with sufficient backup and support and to process any arrests and tickets more safely and efficiently. These days could be publicized to encourage awareness of the importance of obeying the law and being a good citizen while enjoying recreational use of the river.

3. Enhanced Property Owner Communications and Operator Accountability

TST/DFC will contract with an entity to advertise and maintain a property owners’ hotline, which property owners can call to raise issues and report problems during operational hours. We are undertaking other educational and cleanup efforts to provide environmental and safety awareness programs. We will also provide educational information at our business locations about applicable laws relating to littering, trespassing, drinking and noise restrictions.

- After reviewing bids, Texas River Alliance (TRA) was selected to operate and staff the new property owners’ hotline and undertake litter reduction and litter reduction awareness activities. The agreement terms are outlined below. The contract amount is \$14,600.

Property Owner Communication Hotline

The Texas River Alliance will maintain a communication hotline to which all property owners along the river will have access. The hotline will allow them to report and request immediate assistance with incidents occurring on their property, as well as litter-related issues. This will put property owners in direct contact with cleanup crews and law enforcement officials on the river. The TRA will have direct phone contact with law enforcement officers. The cost is \$2,400 a month for four in-season months per year. The TRA will handle in-season calls, as specified through the contract. Off-season calls will be handled, as appropriate, by either TST or DFC.

- Both TST and DFC will have unrestricted individual access to all hotline call log information, as well as all data and reports provided by TRA. Hotline calls will be tracked and recorded according to data available on the company that rented to the tubing customer against whom the hotline complaint was made. Calls will also be tracked and recorded by hotline incidents, problems or calls to law enforcement.

Both TRA and the hotline will keep official records of the type of law enforcement needed, if any, to assist with the call. Records will also indicate, where applicable, the county from which law enforcement personnel were called.

- Records of all information related to hotline calls involving contract security officers will also be recorded, maintained, and made available to TST and DFC.

Environmental Awareness, Litter Reduction and Security Enhancement Efforts

The TRA will promote litter awareness/reduction efforts, including providing signage, mesh trash bags and an extra line for the bags to all tubers and kayakers who are customers of TST and DFC.

The TRA will utilize funds to sponsor three litter pickup days during the season involving area college students and locals.

TST/DFC agrees to provide written instructions and post educational signs at several approved locations educating all customers on trespassing, containers, littering, underage and excessive drinking, life jackets, lewd behavior and bad language.

The TRA will sponsor one booth at the annual Texas Wild Rice Festival in San Marcos, where it will promote the health and importance of the San Marcos River.

- All branded events or materials undertaken by TRA with funds provided through this MOU, or through contracts related to this MOU, must be approved by both TST and DFC and must include the names of both TST and DFC, if company names or other identifying information is utilized in any manner.
- TST and DFC may only participate as co-sponsors of events or activities, or in program materials funded by the TRA contract through this MOU. All efforts associated with this program must be approved by and sponsored jointly by both companies.

J. Summary of Operational Changes Agreed to after Landowner Meeting on May 3, 2015

- Adjusting the waiver form signed by customer to have customer initial rules of river like "no trespassing, no littering and no underage drinking.
- Providing bags to every cooler tube and provide extra bags to customers who bring coolers.
- Adding an extra string on trash bags like the lions club does.
- Amending the River Bank clean ups to show the scope of work provided by outfitters.
- Providing "how am I driving" signs on buses with the TRA hotline number.

K. Total Funds Allocated for Cleanup, Security, and Communication Through MOU
